## WIRE VOTING SYSTEM

### Voting Processor HT-8000

- Build-in voting CPU
- Support 150 voting units, could connect more than 500 units via extension.
- In combination with the corresponding software modules, multiform voting can be implemented:
  1. Voting function(yes,no,abstain)
  2. Electing function(single-ballot and Multiple-ballot)
  3. Scoring(100,75,50,25,0)
- Count result automatically within 1 second after ballot.
- Support IC card sign in, key press sign in
- The processor can communicate with the equipments by RS232 interface

## Voting Unit HT-8000B

### - Discern the identity

Each vote unit is furnished with a personal IC card for voting(The IC card no.should be the same as the vote unit no.),or the all vote unit use the same kind IC card,it means the delegate can sign in by IC card with any voce units.

### - Sign in

The delegate sign in by IC card after taking a seat,the system provides IC card ID checking.Only when IC cart is well inserted and the indicator lamp ‘ATTEND’ on the vote unit is bright,it could work if system is equipped with IC card.(IC card sign-in or Key press Sign-in is option)

### - Voting

There are three buttons on the vote unit:Yes/abstain/No.Each button has the corresponding indicator lamp.After voting starts,delegate can press the corresponding button according to their willing.The delegate can re-vote the voting finishing if they want to revise their vote;the voting result are subject to the button pressing at the last time.

### - Electing

There are five buttons on the vote unit:Candidate 1/2/3/4/5.Each button ha the corresponding indicator lamp.After election starts,delegate can press the corresponding button according to their willing.The delegate can re-elect before the election finishing if they want to revise their elect;the election results are subject to the button pressing at the last time.

## Technical Data

<b>Technical Parameter of Wire Voting Processor HT-8000</b>	
<b>Items</b>	<b>Parameter</b>
Power supply	AC 110V/240V 50Hz – 60Hz
Consumption Rating	100W
Control Type	RS232
Color	Black
N.W	2 Kg
System Connection	8-pin D1x4
Data Communication	RJ45x2
Dimension(LxWxH)	480x240x45 mm
Installation	19" Frame

<b>Technical Parameter of Wire Voting Unit HT-8000B</b>	
<b>Items</b>	<b>Parameter</b>
Power supply	Powered by voting processor
Consumption Rating	<10mW
T.H.D	<0,05%
Color	Black
N.W	445 gr
Dimension(LxWxH)	117x110x24 mm
