TECHNICAL REFERENCE

- Voltage: AC110V-130V, 220V-240V(optional)
- Frequency: 50/60HZ
- Power: 700W
- Lamp: HMI575W
- Color temperature: 5600K
- Strobe:1-10 flash/ second
- 2 Color wheels: both with rainbow effect
- 2 Gobo wheels: one rotation Gobo wheel (4 gobos) + fixed gobo wheel (5 gobos)
- Gobo inward and outward function: speed and direction adjustable, automatic focus of definition for gobo short and long distance shooting
- Scan: Pan 540°, Tilt 270°, moving towards both directions mini-step adjustable(this channel function alternative) and error correction function
- Optical System: linear focus- adjustable lens, 1 rotating 3-facet prism
- Security Protection: cutting the power off automatically when the machine is over heated or the system starts to malfunction
- Signal Control: Signal DMX512
- Channels parameter:16 channels
- Dimension (cm): 49.5*47*56.5
- G. W:38.4kg
