

BEATISER MP-10

Detailed Product Description

The MP10 is a versatile, two-way passive system, designed to provide exceptional sound reinforcement and stage monitoring from a very compact enclosure. It features a powerful 10 inch (65mm voice coil) low frequency driver and a 1.7 inch (44mm) HF compression driver mounted on a constant directivity 90° x 50° horn. Depending on the application, the HF horn can be rotated to allow the multi-angle enclosure to be used in either its vertical or horizontal orientation. A demodulating ring fitted to the LF driver reduces distortion and improves the performance at the upper end of the LF drivers range at high levels.

Model: MP-10

System: 2-way loudspeaker system

Frequency response ($\pm 3\text{dB}$): 65Hz~19 KHz

LF driver: DY-A106508x1 (10in) $\Phi 65\text{mm}$ voice-coil

HF driver: DEL-440x1 (1.7in) $\Phi 44\text{mm}$ voice-coil

Neodymium compression driver

Nominal Impedance: 8ohms

System sensitivity (1w@1m): 96dB SPL

Maximum SPL: 121dB

Power handling: 200W

Peak power: 400W

Nominal Coverage angle (H x V): 90°x 50°

Dimensions (W x D x H): 351x317x500 mm/PCS

Connectors: 2xSpeakon| connectors (NL 4)

Enclosure material: 18mm plywood

Finish: Textured grey paint

Grille: Grey perforated steel

Suspension system: M8 Screw

Net weight: 13Kg

Shipping size: 415x372x575mm/0.088CBM/PC
